1 Introduction

- 1.1 The Council is required to fulfil its statutory obligations under the Health & Safety at Work etc. Act 1974. In addition good health & safety management practice stipulates that an Annual Report and Plan of the organisation's health and safety performance be produced. This in turn should be approved Senior Management and Members before being publicised to show a commitment to accountability and transparency.

- 1.2 Compliance with the provisions of the Health and Safety legislation and a high standard of safety management and performance effectively maximises an organisations ability to meet its obligations as specified in the Corporate Manslaughter and Corporate Homicide Act 2007.

2 Background

- 2.1 As in previous years, Corporate Annual Reports have been prepared and presented to Senior Management. The next stage is to pass the Annual Report and Action Plan to elected Members for approval in order that it can be made available to stakeholders. The HSE guidance on “Leading health and safety at work” and the 4 Principles of health & safety management” requires that an organisation performance for health & safety compliance be made public and reported, in the case of a local authority, to elected members.

3 Corporate Objectives and Priorities

- 3.1 In presenting the Corporate Annual Report to the General Purposes Committee, the Council is fulfilling its statutory responsibilities, adhering to HSE guidance, fulfilling its commitment to staff and stakeholders and making its commitment to health & safety transparent to all.

4 Consultations/Communications

- 4.1 The nature of this report does not require consultation to take place. However it will be communicated to stakeholders and afford them the opportunity to give their comments.

5 Options

- 5.1 Failure to produce such an Annual Report and Plan would potentially expose the Council to action by the Health and Safety Executive. In addition it is expected that an organisation such as the Council would comply with the guidance given by the HSE and publicise its health & safety performance.

6 Option Appraisal

- 6.1 The publication of the Corporate Annual Report will ensure the Council’s compliance with legal requirements and guidance.

7 Risk Management

- 7.1 An evaluation of the risks associated with the matters in this report indicate that further risk assessment is not needed because the changes/issues covered do not represent significant risks or have previously been considered by Councillors. (General Purposes Committee Meeting dated 24.09.08 Document 11681 Item 208 & General Purposes Committee Meeting dated 29.09.10 Document 14473 Item 199)

8 Resource Implications

- 8.1 There are no additional resource implications of the recommended option

9 Legal Implications

- 9.1 Failure to produce such an Annual Report and Plan would potentially expose the Council to action being taken by the Health and Safety Executive.

10 Equality Issues

- 10.1 An EQIA is not needed because the issues covered have previously been considered by Councillors (General Purposes Committee Document 11681 Item 208 Meeting dated 24.09.08 & General Purposes Committee Document 14473 Item 199 Meeting dated 29.09.10)

11 Other Issues

- 11.1 Community Safety - No direct issues
- 11.2 Environmental Health/Sustainability Issues - No direct issues
- 11.3 Property Issues - No direct issues
- 11.4 Wards/Communities Affected - No direct issues

12 Conclusion

- 12.1 The approval of the Corporate Annual Health & Safety Report and the Action Plan will show the Council's commitment to the HSE Guidance and to fulfilling its obligations under the Health & Safety at Work etc. Act 1974 and the Corporate Manslaughter and Corporate Homicide Act 2007.
