Hants

Dear Sir,

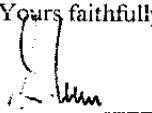

I wish to register an objection against the application to extend the late night opening hours posted by Mr. Asim Sen for the Kebab House in Church Street Romsey.

This take-away appears to be the only food shop open up to 11.30pm in this part of the town and is a magnet for late night drinkers after the various licenced premises close. As a result, we who live close to the town centre have to suffer the noise, bad language and general rowdiness of these late night revellers and the litter they leave behind.

I appreciate that the Kebab House is not responsible for the state of the drinkers, but the fact they are open only exacerbates the situation. I would prefer them to shut at 10.30pm

Please record my objection.

Yours faithfully,

I. Nunn
