Dear Sir,

Re: Filling Station @  
Greatbridge & Alcohol Licence!

At the request of Mrs. Sally Lamb we write to say we, and many in this area, are against alcohol being sold from 6 a.m. to 12 midnight.

We have suffered the effects of alcohol abuse by youths in the Fish Lake Estate area for a long time now, with fires being lit at night for their "Boozy" parties around many

(2)

Parts of the area and near to the Canal. Loads of the attendant refuse left there and everywhere, namely beer cans, wine bottles take-away food containers, all left and have had to 'plead' with the Council to clear it all up. The Fire Service & Police have been called to the Area on numerous occasions!

If "Esso" are allowed to make such an increase in the sale of alcohol etc, will they pay for all the attendant "SERVICES" that will be needed to maintain order and clean up the outfall from this scheme?

It is very much hoped P10

(37)

that the above will be taken into consideration when considering granting of a licence!

Further relaxation of rules is going to make this area also the magnet for 'YOB's from further afield - they will be onto a good thing - so also will "Esso" with big 'profits'!. However, the 'poor' folks who live around here seem to be given NO consideration at all.

Many thanks for your help here,  
Sincerely
