

ANNEX 19

Dear Sirs,

I wish to object in the strongest possible terms about Tesco's intentions at 134-138 Weyhill Road. I live opposite and their proposals appall me.

Three issues:

1. Why would anyone want to buy alcohol at 0600? It will simply encourage drunks hanging around until they open. I object to this. Plus throw away cans and bottles littering the street.

2. Why are they to be allowed to stay open until 2300? I have to be up very early every morning for work which means early nights. How can I sleep with all of their lights on and people slamming car doors in the car park? And don't buy the argument that "our customers want it". Rubbish. For "our customers". use "Tesco".

3. I have no doubt that teenagers and hoodies will congregate there late in the evenings for no reason other than they can. It is very intimidating.

Would you or Madeline Winter (who doesn't even live in the area) want to live opposite this? I think not.

Please conform receipt of this and you will take my very real concerns into account.

Yours,

Alan Turner (a member of TVBC Forum since its inception but am now seriously wondering whether any of our views are taken into account
