

ANNEX 8

Very many thanks for this, we would like to make the following points, perhaps they could be passed onto Michael White at TVBC:-

- Annex 2 relates to outdoor events but does not take into account the smoking ban - which leads to smokers going outside - increased noise and excess alcohol outdoors
- no need for extended times for local village pub – residential areas and parking limitations i.e. road parking etc
- playground with bouncy castle air supply noise 24 hrs (also not v environmentally friendly)
- Extended licence leads to more drunken behaviour/fights which break out in early hours of the morning.
- Village Pub - questionable whether dance (striptease dancing advertised) and film licence - suitable/of value in present location. Pub is often advertised on board outside as 'family pub'.

Please let us know how the outcome of this licence review. Many thanks
