

Annex 49

My wife and I would like to strongly object to the granting of a premises licence for Rownhams House. We live at 4 Hurricane Drive, which is very close to the house and grounds. We had a foretaste of the possible future noise and drunken revelry we would have to endure last year, when an apparently small event carried on until the early hours of the morning. Who knows what we would have to endure in the future; large outdoor events with the associated noise pollution, drunkenness, and antisocial behaviour. We therefore hope that you oppose the application in full.

Thanking you

John and Helen Enfield
