Dear Mr. White

Re: application for a premises license for Rownhams House, Rownhams, Southampton, SO16 8LS

I am writing to you as a resident of Rownhams who has lived in the area for 17 years and over this time have greatly appreciated the peace, quiet and tranquility of the area. I was surprised and disappointed to learn that an application for a premises license has been made for Rownhams House, the boundary of which is a short distance from my home.

I would like to express the strongest objection to this application and feel that this would be a highly inappropriate activity to be taking place in such a residential neighbourhood. I feel that it would negatively impact significantly on the quality of life of the residents and at the same time bring no benefit to the area whatsoever. The certainty of noise and disturbance, increased traffic in the area and the likelihood of a rise in anti-social behaviour in the vicinity late at night are major concerns.

I have chosen to remain living in this area despite working in central London for the last 10 years. This is specifically because of the exceptional tranquility this area provides.

I do hope that the views of the community will be taken into consideration and outweigh the business interests of one individual.

Yours Sincerely

Dr Alan Doyle
