Dear Sir/Madam,

Representation to Late Night Refreshments and Alcohol: ROWNHAMS HOUSE SO16 8LS

We are writing to place on record our objection to the granting of an Alcoholic and Entertainment Licence at the above premises. Our house faces the back of Rownhams House and so any late night activities in the grounds affect our peace and quiet.

There are five licensed premises within walking distance of Rownhams House and we can see no good reason for another one.

Can you please advise why a building registered for offices would require a Late Night Refreshments and Alcohol License. If the application were to be successful can you also advise what the restrictions are, for example:

At what time would the sale of alcohol cease
What sort of music is permitted and what level of noise is to be expected
Are the functions to be outdoors
Frequency of events
What provision will be made for increased traffic in the neighbourhood

As an employee of the Emergency Services I value the peace and quiet of our neighbourhood.

We look forward to receiving a reply to our letter.

Yours faithfully

David and Ann Masters
