

Annex 69

Dear Sir,

My family and I moved to Horns Drove in Rownhams in 2001 attracted by the semi rural feel that this area has managed to retain over the years. Late in the evening one can still stand in ones garden and listen to the beauty of silence interrupted by the occasional sound of an owl within the woods surrounding Rownhams House. It is to our horror that we are now faced with regular noise ,in the form of loud music, revellers and traffic that will resonate from Rownhams House if the application for an entertainments licence is granted to this site. Rownhams is a close knit friendly village in which one can still walk through late at night without the presence of fear, this WILL not be the case if large numbers of party goers converge on the centrally located Rownhams House. We have been impressed with the work and standards of the Test Valley council over the eight years we have lived in Rownhams and trust that this will not be spoilt by the wrong decision to grant this entertainment licence. TO GRANT IT WOULD BE A NIGHTMARE FOR ALL THE VOTERS WHO LIVE IN THE VICINITY.

Yours Faithfully,

Mr and Mrs G. Walton,
51 Horns Drove.
