

Annex 66

I strongly wish to object to the application for a new premises license for the sale of alcohol with the provision of entertainment by Roger & Penelope Barber. Last year when they staged a play the disturbance afterwards which when on to about 3am was totally unacceptable, and the cars leaving Rownhams House seem to think that they have more of a right of way than the residents using Betteridge Drive. I can only see matters getting a lot worse if this application is approved. Should this application be granted we will asking Test Valley Borough Council for compensation and a reduction in council tax for turning the surrounding residential roads into an over spill car park along with the unwanted noise which will come with it.
