

**Annex 72**

I understand from my liberal democrat campaigner that Rownhams house has applied for an entertainments licence. Whilst I would not want to stop people enjoying themselves and Rownhams house from keeping solvent I am concerned about the level of noise late at night. In order to prevent a public nuisance there should be a limit to how late they can carry on. Rownhams house is in the middle of a quiet housing estate and is not suitable for loud music and drunken revellers in the early hours of the morning.
