For the attention of Mr. Michael White.

Dear Sir,

re:entertainment and late night licence at Rownhams House.

I am alarmed to hear of an application for an Entertainment and late night drinking Licence applied for by Mr Barber for Rownhams House, Rownhams.

We moved to what we thought was a quiet residential area 18 months ago and on several occasions we have had to call on the help of the Police and Community Support Officers to deal with alchohol induced anti-social behaviour.

I am very wary therefore of any "events" which would involve a drinking licence, also additional traffic movement late at night.

I hope that you will visit the area to see the unsuitability of this proposal for yourself.

Yours sincerely
