**Application for the review of a  
Premises licence or Club Premises certificate  
under the Licensing Act 2003**

**This application to review relates to the following licensing objective(s)**

- Select one or more boxes*
- 1) The prevention of crime and disorder
  - 2) Public safety
  - 3) The prevention of public nuisance
  - 4) The protection of children from harm

Please state the grounds for review which must be based on one or more of the licensing objectives together with supporting information:

Hampshire Constabulary wishes to call for a review of the above licence in support of the review application made by Test Valley Borough Council's Environmental Protection Service.

In July 2008 Hampshire Constabulary received an application for a premises licence at 43 London Street Andover. The application proposed licensable activities until 04:00 hrs each day trading under the name Bar 25. As a result of serious concerns that the proposals would undermine the licensing objectives and asked that the licence should be subject to a number of conditions and that the operating hours should be reduced. We believed these measures were necessary and proportionate in order that the licensing objectives were promoted. The conditions and reduced hours were agreed by the applicant and a new premises licence was issued. In early August 2009 information was received that the premises had ceased trading.

In April 2010 an application was received to transfer the licence to the present holders, Elland Promotions Ltd. and to vary the designated Premises Supervisor to Ellis Cooper.

Soon after the premises started trading under the new management concerns were raised regarding alcohol promotions, for example encouraging customers to purchase and consume an entire bottle of vodka at "half price" and providing free unlimited mixers as part of the deal. It was felt this was an irresponsible promotion and likely to encourage customers to drink excessive amounts (around double the Department of Health's recommended maximum safe limit of alcohol consumption for a whole week in one evening). Flyers and beer mats have been distributed advertising "free shots" and in June 2010 images were posted on Facebook showing one of the joint business managers, Andrew Lavery, standing on the bar and pouring alcohol down the throat of a customer. This practice, which is commonly referred to as "the Dentist's Chair" was outlawed as part of measures to prevent irresponsible drinks promotions and formed part of the Mandatory Conditions attached to all premises licences.

Since opening the premises has increased the workload for local officers and appears to be linked to a disproportionate number of incidents in which excess consumption of alcohol by either the offender or victim is a common theme.

Offender stated he had purchased the drugs from a male in the Piston Broke for £45. During interview he also stated he had been very drunk.
44110135777 44110136060	Assault Assault	02/04/11	0021	Officer on patrol	Officers were on foot patrol performing a uniform presence in London Street when they became aware of a commotion between a few males outside the Piston Broke. The aggrieved was refused entry to the premises where he became a bit lippy towards staff; he stood in front of the railings in front of the smoking area which looks onto the front window of the premises. The suspect left the Piston Broke with a spirit glass in his hand, a member of door staff stopped him and grabbed hold of the glass. The suspect walked over to the aggrieved and swung a punch towards the back of his head, it is described as a "typical drunken haymaker". Officers witnessed the assault and arrested the suspect. The aggrieved became agitated and was held back by his friends. Due to the aggrieved behaviour officers requested the attendance of further units to assist. The aggrieved was arrested for a public order offence due to his aggressive threatening behaviour and later de-arrested as he was the victim of crime and not the aggressor.

					she was issued a S27 Dispersal Order for 48hours.
44110127277	Assault	27/03/11	0200	TVBC CCTV	The aggrieved states she was walking through George Yard car park, after leaving the Piston broke Pub, with her friends, when they were approached by the suspect. An altercation took place between the suspect and aggrieved group and during the argument, the aggrieved stepped between the pair and as soon as she did the suspect grabbed her by the arms and threw her to the floor. The aggrieved sustained slight bruising to her left elbow and arm and a cut to her right hand ring finger. The aggrieved states that when she left the Piston Broke she "would put myself at about 8 on the scale of drunkenness" "A Woman Officer asked me to go to the Police station to make a report of what happened, I was not happy to do this, I wanted to report the incident but I was very drunk and felt that I could not give a clear account of what had happened that night. A male Police Officer walked over and said that it would be alright for me to ago to the Police Station later in the morning to make a statement about the incident."

Officers stopped to speak to the female who was clearly intoxicated and stumbling around along the pavement. When they spoke to the female, she identified herself and stated that she could not get home as she lived in Tidworth. She stated that she had been drinking in the Piston Broke. She stated that she had been out with friends and then went to the toilets where she passed out. She thinks that she had been passed out for approximately 3 to 4 hours and was later woken up by a cleaner and then she left and had walked up to Weyhill Road to try and get back home as her friends had left her alone. If she had walked from the premises to the Avenue it would have taken her approximately 30minutes to 1 hour as she was intoxicated. I am Police Sergeant 5255 David Stanley Wright, based at Andover Police Station, Hampshire. I have been the Safer Streets Sergeant for Test Valley area since I took up the post in October 2007. My area of responsibility is in respect of the licensed premises, and in particular keeping a focus upon the late night economy and licensed premises in Andover town. I hold the BIIAB Licensing certificate in respect of supervision of Licensed Premises, and have 24 years policing service, eleven of those being stationed here at Andover as a uniform sergeant. I use the Home Office Guide for Preventing and Dealing with Alcohol Related Problems which promotes an approach of early intervention and licensing enforcement.

Andover town has a thriving night time economy, which has a marked contrast to the daytime one, and it is during the later hours of the evening, particularly on a Friday and Saturday evenings that Policing in the town can be very challenging for our limited resources, and that is why in recent years the management have taken a strategic approach to Policing the unique problems in this area. We utilise high visibility patrols to demonstrate presence and support to the licensed premises, reassure the vast majority of law abiding people enjoying a night out in town, whilst also endeavouring to reduce crime and disorder in that environment. This has proved to be generally

effective, but it stretches our resources, and at peak periods of demand can make policing for areas outside of the town most difficult to manage.

The 'Piston Broke' entered the night time economy in April 2010, when the new joint owners Ellis Cooper and Andrew Lavery started the business with a view to attracting people who would enjoy socialising and enjoying a drink with friends in a themed premises located at the top of London Street, Andover, opposite the LIFE nightclub.

I met the New Designated Premises Supervisor Ellis Cooper 12/05/10 at the premises and he explained to me the control measures they had planned for the premises in respect of doorstaff, signage for prevention of underage sales, age verification policy, use of Polycarbonate vessels, CCTV and best practices for complying with the promotion of the 4 licensing objectives. I mentioned to Ellis that I had concerns regarding the actual name of the premises as I thought it could be interpreted as encouraging an individual to drink excessively, but he stated it was part of the themed approach to the premises. I conferred with Michael White of TVBC at the time and discussed whether this might be viewed as an irresponsible drinks promotion which might breach the new Mandatory Licensing condition, but at that time it was viewed as an untested area of the Licensing Law. I took the view that a disproportionate amount of valuable time would be taken attempting to pursue this any further.

Opening night was the 12<sup>th</sup> May 2010 and I became aware of a promotion in the premises to purchase a whole bottle of Vodka for £35 pounds and viewed this as an irresponsible promotion (my exhibit DSW/1 refers) under the terms of the Licensing Act. On the 21/05/10 Ellis attended the station to speak to me regarding the promotion, and he agreed to remove this immediately which they did.

CJ Act 1967, s.9; MC Act 1980, ss.5A(3) (a) and 5B; Criminal Procedure Rules 2005, Rule 27.1

On 30/05/10 Police Sergeant Kenth attempted to obtain a copy of the CCTV images of a public order incident (0238 hours) in the forecourt area to the Piston Broke, but due to a mistake by staff in copying the images, they were lost from the Hard Drive.

In mid June 2010 Georgie Fice (Hants Police Licensing Officer) and Michael White (TVBC Licensing) held a meeting with the management of the Piston Broke. I had become aware of an image posted on Facebook in early June which showed the joint business manager Andrew Lavery standing on the bar counter and pouring what I viewed as alcohol down the throat of a customer stood at the bar (exhibit DSW/2 refers). This practice which is known under the generic reference of the 'Dentist Chair', was illegal under the new Mandatory Licensing conditions and along with other issues raised at that meeting, the management were informed it had to stop or prosecution would follow. To the best of my knowledge this practice was stopped and no further 'Dentist Chair' scenarios are noted against the premises.

On the 09/07/10 I sent a team of undercover police officers into various licensed premises in the Andover town night time economy with a view to observing any illegal practices such as excessive drinking and to note any poor management of premises. The team visited the Piston Broke late that evening for a period of around 30 minutes and reported no excessive drinking being observed, and that the doorstaff had been professional, they noted a problematic male who was escorted from the premises and that the downstairs area was visited by doorstaff. In the area downstairs themed as the 'Vod Cave' there was a double bed with sheets, which the officers on debriefing wondered, what was it actually used for. I was aware of the bed and that it was part of the theme in the premises and Ellis had reassured me it was not used for any inappropriate activities.

On 13/07/10 a resident of the flats directly above the premises came to the station and expressed

concern over the noise that was impacting on himself and his young family and I advised that he

needed to work with the Environmental Health Dept at TVBC over the noise issue which he stated he was already doing. He mentioned a letter that had been sent to him by Andrew Lavery which he showed me, and I took a copy (DSW/5 refers).

On the 14/07/10 both Ellis Cooper and Andrew Lavery attended the Pubwatch meeting at the Entertainer public house, and it was mentioned by Michael White at this meeting, of the importance for all licensed premises to act responsibly and be mindful of any noise that their premises might emit, and to ensure that there is no unreasonable noise impacting on residential premises nearby. The issue of open Fire Doors was mentioned by me and the need to ensure compliance with Regulations for Fire Safety and Licensing issues.

On the 28/07/10 Ellis came to the Police station and signed up the protocol and information sharing forms for Pubwatch participation, which the premises have engaged with to date. We discussed a concern that Ellis had raised over some empty foil wraps found by doorstaff on the premises, and best practices were advised to combat any drug related activity. The issue of beer mats and flyers being distributed in the High Street 23/07/10 which advertised free shots (exhibits DSW/3 and DSW/4 refers) was discussed. Ellis stated this was an Apple Sours wine, but only issued with a drink purchased in the premises. Ellis confirmed that the practice of pouring a shot down the throat of another and the bottle of Vodka on a table promotion had both stopped.

I was aware that at the end of July 2010 the Environmental Department TVBC had served a notice on the premises in respect of the noise issues.

On the 10/09/10 PCSO Heidi Hymers reported she had visited the premises that evening and noted a well known problematic young female in drink inside the premises. The doorstaff advised PCSO Hymers that the female had been given a warning and would be ejected if any further need arose.

On the 11/09/10 at 0015 hours PC Lee Taylor had noted on foot patrol that the Fire Door to the rear of the premises was wide open. On 15/09/10 I spoke to Ellis on the phone and he said he would not have been on duty and that it would have been his business partner Andy Lavery. I informed Ellis that leaving the Fire Door open would not help in preventing control of the noise issue and security of the premises. Ellis stated that the noise issue was being dealt with by Solicitors, and that Langdowns in Charlton Rd were looking into the suitability of the flats above as residential premises.

On 20/11/10 I spoke to Ellis and discussed the violent assault upon a colleague PC David Mills who had at 2220 hours 19/11/10 been punched unconscious in London Street by a male who had just been ejected by doorstaff from the Piston Broke. Ellis stated that the male had only been in the premises for around 10 minutes and had drunk 1 pint. Ellis was himself on duty and noted the male with another, who were arguing and decided both males were to leave and gave that instruction to doorstaff. It would appear that the male was annoyed at being ejected and decided to take that annoyance out on PC Mills who just happened to be walking up the road at that moment in time.

On 17/11/10 Ellis advised by E mail that there was a plan to make Luke Kinnish the manager with the day to day running. I replied and advised that Luke Kinnish who I knew from Propaganda premises in previous years, should apply for the position of the DPS for the Piston Broke as he would be in Day to Day control. During November 2011 PS Adams of our Western Licensing team engaged with issues in respect of an application for a minor variation on the premises licence. There followed a period from November 2010 to mid January 2011 before any further issues were recorded in respect of the Policing issues at the premises.

On 16/01/11 at 0135 hours PC John Miller detained a male to prevent a further breach of the peace outside the premises, who was part of a rowdy group, and had failed to take note of PC

Miller's direction to quieten down and move away. The male it turned out to be, had been inside the premises beforehand and had been trying to calm people, so a decision was taken later on to release this male No Further Action.

On 27/02/11 at 0555 hours PC's Mahoney and Whitlock were on patrol at the junction of the Weyhill Road and The Avenue, Andover where they noted an intoxicated 31 year old female stumbling along the pavement who identified herself, and stated she couldn't get home as she lived in Tidworth. She stated she had been with friends drinking in the Piston Broke and that she had passed out in the toilets for 3 to 4 hours and had been woken up by the cleaner! The officers then made arrangements to have her safely taken home to Tidworth. On 02/03/11 I phoned Ellis and informed him of the unacceptable situation of a member of the public being missed in the toilets and he said he was aware and that the doorman had not on this occasion checked the toilets properly and she had been missed. The doorman was usually very good and I was aware of the doorman he was referring to, but on this occasion it was a major oversight by the premises, which was reflective upon the management of the premises.

On 06/03/11 at 0125 hours we received a report of 10 to 15 persons fighting inside the premises. Patrol officers attended and saw for themselves a disorder incident inside. Police officers entered and it all stopped and no complaints were forthcoming. No injuries were noted and PC Tapper requested from the duty manager Luke Kinnish a copy of the CCTV, as required under the terms of the condition specified on the premises licence. Luke was unable to do this, and on 07/03/11 I spoke to Ellis Cooper and asked why this had not been provided at the time, as was required on their licence, Ellis replied that Luke didn't know how to do this. I pointed out this was a breach of their licence, Ellis replied that Luke didn't know how to do this. I pointed out this was a breach of their licence, and Ellis stated he would ensure this was done asap, and did so. On 09/03/11 at the Pubwatch meeting Luke handed me a working copy of the public order incident, which is still to date, being investigated by colleagues.

On 12/03/11 at 0339 hours we received report of a group of 8 to 10 people fighting outside the Peking Chef, London St. Officers attended and a 21 year old local female was arrested for common assault. She was charged and pleaded guilty to assaulting another female that night. In interview with PC Plascott, the female in question stated that she had been in the town that night drinking at the Piston Broke, and then other venues, and had then returned to the premises after it had closed. She had seen her friend Luke who was the owner of the premises (she meant Luke Kinnish) and had then gone inside the closed premises with Luke. She stated in interview that they had drunk the place dry, drinking all the spirits, and listening to music at the bar. In the drunken state she was in, she had then gone outside and the fighting incident then took place, as mentioned above.

Officers attended again that morning at 0415 hours, when PS Parker reported that there was evidence that someone was living in the premises. Officers had gone into the premises when on patrol and had noted the rear door open, finding a mattress in the upstairs area and toiletries and toothbrush in the disabled toilet. Luke Kinnish arrived a short while later and stated to the officers that he was the manager of the premises.

On the 13/03/11 at 0203 hours a domestic assault took place in Pilgrims Close, Andover, where 2 partners were arrested for assault on each other. In interview when sober, both stated that they had attended the Kick boxing event at the Andover Leisure Centre, had then drank in another premises in town, and then the last premises was the Piston Broke before going home where the domestic took place. Both of them were very drunk.

On the 18/03/11 at 1500 hours I saw Luke Kinnish at the Police station and took the opportunity to mention to him that the premises were very much under the watchful eye of the Hampshire Constabulary after the series of recent incidents given above, which suggested a lack of proper management and warned him that the station Inspector was keeping a close eye on the premises

and considering his powers under Section 161 of the Licensing Act 2003 in respect of any further incidents of disorder at the premises. Luke acknowledged this warning and stated it would be conveyed to the business partners Andrew Lavery and Ellis Cooper. Luke again confirmed it was his intention to apply for the position of DPS for the premises in due course.

This statement has taken much of my valuable time to compile, and is not something I need to do on a regular basis, as it is rare for a premises in the Test Valley to be in such a position. It has been my experience since November 2007 that the vast majority of premises, and those in the busy night time economy, are on the whole well managed and respond to intervention advice and direction before that needs to escalate to enforcement action through a review process.

In summary, I feel that the premises have been lacking effective control which is evidenced in the detail given in the statement above.

Dear [REDACTED]

I was disappointed to receive your latest letter regarding the noise levels.

Let me address your points in order;

At no point over the bank holiday weekend did we play any music after 1.30am. The police at the door at that time on Friday, Saturday, and Sunday night and will confirm this. However it was late and you may just be mistaken.

As for starting at 1pm, this was a one off, all day event in celebration of the bank holiday. We are perfectly within our rights to play music at this time, but having said that, as I said to you when I met you and your partner recently, if you're on a night shift or your daughter is staying, then please just pop down and find me and I will ensure that the noise levels go down – regardless of the time.

We have no desire to make your life a misery, and as I told you and your partner, I'll be only too happy to do whatever it takes to make sure we can peacefully co-exist.

The music has gone right down at 11.00pm every night since we spoke, to the same levels that you previously told me were acceptable to you. You will recall that I told you at the time, if you ever want them to go down still further, you need only ask.

I thought we had left on good terms and had reached an understanding? Hence my disappointment by the content on tone of your letter.

I hope that you were just tired and angry when you wrote it and that we can reach an agreement once again.

All of which brings me to my next point;

We have reason to believe that you have vandalised our television aerial. I hope that I'm wrong. We have of course had to inform the police. If the fingerprints at the scene (on the pole I believe) turn out to be yours then we are in a sticky situation, you would be arrested and charged with criminal damage.

I have absolutely no desire for you to get into any trouble, and thus far have **not** put your name forward as a suspect. That said, I think we need to have a chat about the situation, and the noise levels so that everyone can be satisfied and there be no need for any more unpleasantness.

Please either let me know a good time for me to pop up and see you, or come down and see me, and I'm sure we can rectify the situation without involving the police any further or you having to write any more letters.

Kind regards,

[REDACTED]  
Andy Lavery – Piston Broke.
