

5 Budds lane
Rousey,
Hants SO51 0HA.
22 June 2012.

Dear Sir or Madam,

My Husband and I
strongly object to the application of a
drink and dance licence for Frankie's
Fun Factory, Unit 3, Rousey Industrial
Estate. The drinks licence would not be a
good idea, based on noise, and anti social
behaviour, which is what happened after the
Esso Garage was granted one. Although
Fish Lake Meadows objections were not
taken into account, they, with the Rousey
Industrial Estate, Budds lane, and Budds
lane Trading Estate were badly affected by
Anti-Social Behaviour, and it was only after
the hard work of the police, that got it under
control

As for the dance licence, the building was not ~~was~~ built to be used for this purpose. The Fun Factory base beat, can be heard in our bungalow which has Double Glazing quite clearly when they have a party and that finishes at 8pm. This sort of nightclub would be a lot noisier 7 days a week, finishing at 11pm, but what about the drink fuelled noise it would create after that time, there were quite a few Nightclubs in Salisbury and even with sound-proofing, were closed down, because of the anti-social behaviour and noise that followed on leaving the building, we don't want that in Rowsey. Please take our objections into account before granting either of these licences as we both think, that the premises should only be used for the purpose it was built for. Thank-you
Yours faithfully A.J. James
