Dear Sir/Madam,

Ref: Licensing Act 2003 – Paul Judd, Frankie’s Fun Factory, Unit 3, Romsey Industrial Estate.

Living directly opposite, I would like to air the concerns of residents regarding the application for a Premises Licence for the said establishment.

The unit was originally built for use as a factory/warehouse and certainly does not have good acoustic absorption. Already loud music can be clearly heard from the building up to 2000hrs. Any further extension to 2300hrs would not be acceptable to residents in the surrounding area.

In conclusion I feel that if a licence is granted it would certainly be considered a public nuisance and increase the possibility of crime and disorder in the neighbourhood.

Your serious consideration to this matter is requested.

Yours faithfully,

Clive Gardner
