

## **ANNEX 4**

Good Afternoon, I have just noticed that Mr Dunning has asked for further times when the Barn can be used for functions and I very strongly object to this. When we purchased our house there was a Farm opposite to us and not an entertainment venue. I did not object before as I was given assurances that there would be only 20 occasions that it would be used during the year. During 2013 there was only a few functions, but the music was on all occasions very loud and could be heard inside my house even with TV on and did not stop at 12. When there was a Ball held in a Marquee, music went on till 1 o'clock the band throw their instruments in the van with a lot of noise and when people were leaving about 2.30 they were very loud. My cottage is opposite the Farm and my bedroom about 10 feet from the road, so therefore, please take these objections into your thoughts when making your decision.

Yours

Kathleen Lucas
