**Northern Area Planning Committee – 22<sup>nd</sup> April 2021  
Update Paper**

The purpose of the report is to provide information on planning applications which has been received since the agenda was printed.

Report of Head of Planning and Building

**1. Background**

- 1.1 Reports on planning applications are prepared for printing on the agenda some 10 days before the date of the Committee meeting but information and representations received after that time are relevant to the decision. This paper contains such information which was received before 10.00am on the date of the meeting. Any information received after that time is reported verbally.

**2. Issues**

- 2.1 Information and representations are summarized but the full text is available on the relevant file should Members require more details. The paper may contain an officer comment on the additional information, amended recommendations and amended and/or additional conditions.

## 1.0 **CORRECTIONS**

- 1.1 An amendment has been made to the proposal description in section 3.1 of the committee report, which previously stated that the proposed single-storey rear extension would extend out from the rear wall of the property by a distance of between 2.5 metres and 4.2 metres. This should instead state:

This application seeks permission for the erection of a single-storey rear extension. The existing property is stepped at the rear, and the proposed extension would extend out from the existing rear wall of the property by a distance of between 2.5 metres and 4.5 metres. It would measure 3.3 metres in height at its highest point, and 2.5 metres in height to the eaves. The proposed extension would provide an extended kitchen and dining area.
