is absolutely no alternative to doing the work in during this period then a thorough, careful and quiet examination of the garage and vegetation within 5m of the works must be carried out before work starts. If occupied nests are present then work must stop, and building work recommence once the nest becomes unoccupied of its own accord.

3. The applicants are restricted that the accommodation hereby approved is annex accommodation, ancillary to the existing dwelling. Use of this accommodation as a separate dwelling would require an additional grant of planning permission.
