### **Recommendation to Council**

#### **SUMMARY**

- The Council is required to approve its Council Tax Support scheme ahead of each financial year.
- Given the ongoing cost of living crisis and the financial uncertainty this brings to many families, no significant changes are proposed to Test Valley Borough Council's Council Tax Support Scheme for the forthcoming 2024/25 financial year.

### **1 Introduction**

- 1.1 The Council is required to have a Council Tax Support (CTS) scheme to assist residents with their liability to pay Council Tax.**
- 1.2 The scheme must, as a minimum, meet the prescribed requirements published by central government for pensioner claimants. The scheme must also make provision for residents liable to Council Tax who are of working age.**
- 1.3 This report considers the options available to the Council for its CTS scheme for the financial year 2024/25.**

## **2 Background**

### History to CTS

- 2.1 CTS was introduced on 1 April 2013 to replace the former Council Tax Benefit scheme.
- 2.2 Despite cuts to the underlying government funding at that time, the Council was able to avoid introducing restrictions on the maximum CTS allowance in the initial years. The reasons for this have been described in previous years' reports.
- 2.3 The point was eventually reached where the cost of the CTS scheme could no longer be contained within its existing budget and a range of options were consulted on to take effect from 1 April 2019.
- 2.4 This resulted in the introduction of a minimum charge for most working age claimants of 10%. Other changes were also introduced at that time and included an increase to the minimum CTS payment and a £30 per week earnings tolerance for changes in circumstances. At the same time, the Council was able to continue offering up to 100% CTS for the most vulnerable members of our community.

### Regulations

- 2.5 Each year the government makes amendments to the Council Tax Reduction Schemes (Prescribed Requirements) Regulations. These Regulations provide definitions of new types of income / benefits and how they must be treated for the pension-age element of Council Tax Support schemes. In many cases this will also affect the working-age element of the Council's scheme.
- 2.6 The 2024 Prescribed Requirements Regulations have not yet been published but must be incorporated into the final CTS scheme. It is therefore recommended that the Head of Finance & Revenues, in consultation with the Finance & Resources Portfolio Holder, be authorised to make any amendments necessary to the Council's CTS scheme when the Regulations are published.

## **3 Corporate Objectives and Priorities**

- 3.1 A CTS scheme is a legislative requirement, however the Council is able to design and maintain a scheme which supports its own objectives and priorities.
- 3.2 The Corporate Plan 2023 to 2027, "A Place for Everyone – Supporting our Communities to Thrive" includes commitments to inclusion and prosperity. Maintaining the current levels of support within our CTS scheme helps protect some of our most vulnerable residents.

## **4 Consultations/Communications**

- 4.1 As no material changes to the CTS scheme are proposed, it has not been necessary to carry out a consultation exercise.

## 5 Options

5.1 It is a legal requirement for the Council to approve its CTS scheme in advance of the start of each financial year. The options are:

- Option 1 – recommend the 2024/25 CTS scheme (Annex 1) for approval (recommended).
- Option 2 – make minor changes to the drafted CTS scheme of a nature that would not require full public consultation.

## 6 Option Appraisal

6.1 Any significant changes to the CTS scheme require a public consultation exercise to be carried out.

6.2 It is therefore recommended that the Council's existing scheme is continued in 2024/25, after allowing for inflationary uplifts in scheme parameters and any changes that are required by The Council Tax Reduction Schemes (Prescribed Requirements) Regulations 2024.

6.3 Officers will continue to review the effectiveness of the current scheme and investigate alternate delivery options at the appropriate time.

## 7 Resource Implications

7.1 CTS is a discount that is applied to the Council Tax charge of eligible customers, reducing the amount of Council Tax payable.

7.2 An estimate of the amount of CTS that will be awarded each year is included in the annual tax base calculation. This is the calculation that sets the expected income that the Council will generate from Council Tax each year.

7.3 The amount of CTS together with the number of band D equivalent properties that relates to is shown in the following table. The total cost of CTS is shared with other preceptors (HCC, Hampshire PCC and Hants & IoW Fire & Rescue). TVBC's share of the total cost in 2024/25 is expected to be approximately 10.0% (2023/24 – 10.2%).

	2022/23	2023/24	<b>2024/25 (estimated)</b>
Tax base for the year	51,338	51,968	<b>52,468</b>
CTS deduction to arrive at tax base	2,871	2,747	<b>2,900</b>
CTS as % of tax base	5.59%	5.29%	<b>5.53%</b>
Total CTS included in budget (£'000)	5,283	5,217	<b>5,538</b>
TVBC share of budgeted CTS (£'000)	549	511	<b>553</b>

- 7.4 The figures show that there has been a small increase of 153 band D equivalent properties in the CTS calculation in 2024/25 – this is based on the actual caseload as at 4 December 2023.
- 7.5 The estimated cost to the Council of £553,000 will be built into the tax base for the 2024/25 financial year and can therefore be accommodated within budget.

## 8 Legal Implications

- 8.1 The Council has a legal responsibility to create, maintain and renew its CTS scheme on annual basis. These powers are contained in Section 13A of the Local Government Finance Act 1992 as amended.

## 9 Risk Management

- 9.1 An evaluation of the risks indicate that the existing controls in place mean that no significant risks have been identified at this time.

## 10 Equality Issues

- 10.1 An Equalities Impact Assessment has been carried out in respect of the recommended CTS scheme. This did not identify any potential for discrimination on scheme users.

## 11 Other Issues – Wards/Communities Affected

- 11.1 All wards and communities are affected by the Council’s CTS Scheme.

## 12 Conclusion and reasons for recommendation

- 12.1 The cost-of-living crisis has affected households throughout the borough. CTS is one way that the Council can offer support in the form of a discount from the full impact of Council Tax.
- 12.2 Due to the volatility in the wider economy at this time, it is recommended that a continuation of the current CTS scheme, uprated to take account of latest regulations, be approved.

**The scheme for pension age applicants – Central Government’s scheme as defined by the Council Tax Reduction Scheme (Prescribed Requirements) (England) Regulations 2012**

- 1.4 There are three main classes under the prescribed pension credit age scheme, for each of which there are a number of qualifying criteria. In all cases individuals must not be of a prescribed class exempted from reduction, such as a person subject to immigration control with limited leave to remain. The definition of a pension credit age person is a person who;
- a. has attained the qualifying age for state pension credit; and
  - b. is not, or, if he has a partner, his partner is not;
    - i. a person on income support, on an income-based jobseeker’s allowance or on an income-related employment and support allowance; or
    - ii. a person with an award of universal credit

The three prescribed classes are as follows;

**Class A: pensioners whose income is less than the applicable amount.**

On any day Class A consists of any person who is a pensioner:

- a. who is for that day liable to pay council tax in respect of a dwelling of which he is a resident;
- b. who, subject to paragraph 5 of Schedule 1 of the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012, is not absent from the dwelling throughout the day; in respect of whom a maximum Council Tax Reduction amount can be calculated;
- c. who does not fall within a class of persons prescribed for the purposes of paragraph 2(9) of Schedule 1A to the Local Government Finance Act 1992 and excluded from the authority's scheme;
- d. whose income (if any) for the relevant week does not exceed his applicable amount calculated in accordance with paragraph 9 and Schedule 2 of the Local Government Finance Act 1992;
- e. not have capital savings above £16,000; and
- f. who has made an application for a reduction under the authority's scheme.

**Class B: pensioners whose income is greater than the applicable amount.**

On any day class B consists of any person who is a pensioner:

- a. who is for that day liable to pay council tax in respect of a dwelling of which he is a resident;
- b. who, subject to paragraph 5 of Schedule 1 of the Council Tax Reduction Schemes (Prescribed Requirements) (England) Regulations 2012, is not absent from the dwelling throughout the day; in respect of whom a maximum Council Tax Reduction amount can be calculated;
- c. who does not fall within a class of person prescribed for the purposes of paragraph 2(9) of Schedule 1A to the Local Government Finance Act 1992 and excluded from the authority's scheme;

65.1 Where any change of circumstances occurs which would result in an increase or decrease in the claimant's income of less than £30 per week, no change in council tax reduction will be effected until such time as the total changes cumulatively amount to at least £30 per week. Where this occurs, the change will be effective from the date of the last change.

77.1 Where a person is entitled to a reduction under this authority's scheme in respect of his liability for the authority's council tax as it has effect in respect of a chargeable financial year ("the chargeable year"), the authority must discharge his entitlement;

- (a) by reducing, so far as possible, the amount of his liability to which regulation 20(2) of the Council Tax (Administration and Enforcement) Regulations 1992 refers; or
- (b) where;
  - (i) such a reduction is not possible; or
  - (ii) such a reduction would be insufficient to discharge the entitlement to a reduction under the authority's scheme; or
  - (iii) the person entitled to the reduction is jointly and severally liable for the council tax and the authority determines that such a reduction would be inappropriate, by making payment to him of the amount of reduction to which he is entitled, rounded where necessary to the nearest penny.

77.2 The authority must notify the person entitled to a reduction under this scheme of the amount of that reduction and how his entitlement is to be discharged in pursuance of paragraph (1).

77.3 In a case to which paragraph (1)(b) refers;

- (a) if the amount of the council tax for which he remains liable in respect of the chargeable year, after any reduction to which sub-paragraph (1)(a) refers has been made, is insufficient to enable his entitlement to a reduction under the authority's scheme in respect thereof to be discharged, upon the final instalment of that tax becoming due any outstanding reduction;
  - (i) must be paid to that person if he so requires; or
  - (ii) in any other case must (as the authority determines) either be repaid or credited against any subsequent liability of the person to make a payment in respect of the authority's council tax as it has effect for any subsequent year;
- (b) if that person has ceased to be liable for the authority's council tax and has discharged the liability for that tax, the outstanding balance (if any) of the reduction under the authority's scheme in respect thereof must be paid within 14 days or, if that is not reasonably practicable, as soon as practicable thereafter
- (c) in any other case, the reduction under the authority's scheme must be paid within 14 days of the receipt of the application at the offices of the authority or, if that is not reasonably practicable, as soon as practicable thereafter.

**79.0 Shortfall in reduction<sup>33</sup>**

- it may make a payment to him of the amount of the reduction to which he is entitled, rounded where necessary to the nearest penny.

82.2 Subject to sub-paragraph (3) any payment made under sub-paragraph (1) must be made to the person who is entitled to the reduction.

## **ITEM 8 Authority to Spend for New Theatre/Cultural Hub Architectural Services**

Report of the Strategic Regeneration and Partnerships (North) Portfolio Holder and Finance and Resources Portfolio Holder

### **Recommended:**

- 1. That £3.74M be added to the Capital Programme to deliver the project outlined in the report, to be funded from the Capital Receipts Reserve.**
- 2. That the transfer of £1M to the Capital Receipts Reserve for the reasons set out in paragraphs 7.4 and 7.5 of the report, be approved.**

### **Recommendation to Council**

#### **SUMMARY:**

- The purpose of this report is to seek approval of the funding that will enable the Council to commit up to £3.74M of expenditure on architectural and technical services (including outstanding site surveys and investigations) relating to the delivery of a new theatre and cultural hub in Andover Town Centre.
- The report sets out the background of the project, being part of the Andover Town Centre Regeneration Masterplan developed through substantial community engagement.
- The report outlines the recommended additional spend for this project and the Levelling Up funding that has been awarded for the delivery of this and other projects in Andover town centre.

### **1 Introduction**

- 1.1** In November 2023 the Council was notified that it had been successful in being awarded funding of £18.3M from the Government's Levelling Up Fund (LUF). The majority of this funding will be used to deliver the relocation of the Lights Theatre onto the site of the former Tesco store (Unit 62 of the Chantry Centre) to create a new prestigious Theatre and Cultural Hub based around a 400-seat theatre auditorium.
- 1.2** A full report on the funding strategy for the wider regeneration programme including the utilisation of the LUF funding and other partner contributions will be brought to a future Cabinet and Full Council meeting for approval.

- 1.3 The deadline for the defrayment of the LUF funds is 31 March 2026. This is an incredibly tight deadline for such an ambitious project and will require the Council to act quickly and decisively. The next step in the delivery process is the appointment of a consortium of the full design team, including architects and other technical design services to take the concept design and building specification developed by Charcoal Blue (a specialist theatre development company attached to an architectural practice procured to undertake this task) through to detailed design, submission of a Planning application, production of construction drawings and the construction stages of the project.

## 2 Background

- 2.1 The regeneration programme was initiated in 2018 to identify and bring forward development opportunities in Andover town centre. A Masterplan for Andover town centre was developed following extensive consultation with the community and stakeholders.

### Andover Town Centre Regeneration Masterplan

- 2.2 The [Andover Masterplan](#) (adopted by Council on 28<sup>th</sup> September 2020) was developed following a number of strategic property acquisitions by the Council in Andover town centre. This included the remainder of the headlease of the Chantry Centre and Former Magistrates Court (FMC). The Andover Masterplan identifies several opportunities to enhance the town centre and surrounding areas.
- 2.3 Significant public and stakeholder consultation took place in conjunction with the Andover Vision. Starting in July 2019 Hemingway Design and NEW Masterplanning worked with the Council to prepare a vision and spatial framework for Andover town centre. Meetings and workshops were held with a range of businesses, residents' groups, students and other stakeholders. The first public survey received nearly 3,000 responses.
- 2.4 The Masterplan proposes the provision of a *'theatre and cultural uses fronting a new public square with the opportunity for events and markets'*. The Masterplan also proposes that the existing Lights Theatre be relocated into the town centre, stating:

*'Without visible road frontage and good connections to the town centre the theatre lacks a physical prominence in their current location and feels isolated. The theatre is keen to have a stronger relationship with local bars and restaurants to help support and strengthen the evening economy but this is constrained by their separation and the perceived distance from the town centre.'*

### Levelling Up Fund

- 2.5 In the summer of 2022, TVBC submitted a bid to round 2 of the Department for Levelling Up, Housing and Communities (DLUHC)'s Levelling Up Fund. The Council's bid was for £18.3M towards the delivery of four of the regeneration projects in Andover. The projects included in the bid were:

- Western Avenue Riverside Walk
- Andover Theatre/Cultural Hub
- South of Bridge Street Riverside walk
- Options appraisal for, and demolition of the Former Magistrates Court in Andover

2.6 These projects were selected utilising advice from Cadence Innova (a company specialising in supporting bids of this kind) who compiled the bid on behalf of the Council. All the schemes included within the Andover Masterplan were appraised using a cost benefit methodology to establish which ones would best meet the requirements of the Levelling Up scheme. The preferred schemes were then costed. A delivery plan and programme were developed. The four schemes were also subjected to a DLUHC Benefit Cost Ratio (BCR) analysis. This work demonstrated the level of value for money that would be provided by the delivery of these schemes in terms of social, economic and environmental benefit. The bid was presented to Council for approval in August 2022.

2.7 Although the Levelling Up Round Two bid was unsuccessful, the work undertaken on the bid gave the Council sufficient information to press ahead with the Western Avenue Riverside Park and South of Bridge Street Riverside Walk projects.

2.8 Immediately following the conclusion of Round 2 of LUF the Government confirmed that there would be a subsequent round of LUF funding. In August 2023 the Council commissioned Charcoal Blue to undertake design feasibility work and to produce a concept design and building specification for the new theatre/Cultural Hub. This work would put the Council in a stronger position should that fund be released. In November 2023 it was announced that TVBC had been awarded £18.3M from Round 3 of LUF. Whilst the Council has been awarded the full bid sought, because of the price increase/ inflation (identified as risks in previous reports) between LUF2 and LUF3, the Council will need to review how the allocation is best used, along with other identified funds, to best deliver the proposal.

2.9 The deadline for spending the full allocation spend of funding from the Round 3 Levelling Up Fund award is 31 March 2026.

### **3 Scope of works**

3.1 The work to be tendered for is the detailed architectural design from concept stage through to completion of the project (RIBA Stages 1-6). This will be based on initial concept design and building specification that has been undertaken by Charcoal Blue.

3.2 In addition to architectural design, the Council will be seeking the successful bidder to provide all technical design services, including mechanical & engineering, drainage, sustainable design & construction etc. This will also include all site surveys and analysis necessary to deliver the project.

- 3.3 The successful bidder will gather all information required to submit a planning application for the development. This will include the demolition of the existing building and necessary works to the entrance of the Chantry Centre.
- 3.4 The successful bidder will supervise the construction of the theatre/cultural hub, acting as the Council's representative, ensuring that the development is carried out in accordance with the agreed specification and its objectives and in accordance with a detailed business plan.

#### **4 Fees**

- 4.1 The basis for calculating fees for this work are set out in the RIBA fee calculator. Fees are typically based on a percentage of the capital cost of the project, ranging from 1.5% to 20% (exc. VAT), with lower rates applying to larger projects. The most recent projected capital construction cost estimate for the theatre/cultural hub based on a concept design is £22M. This is based on currently available information and is subject to change. On projects of the scale and technical complexity as the theatre/cultural hub, the typical rate is between 15% and 18%. Advice for this project is that a rate of 16% is appropriate for this development. This gives a projected budget cost for fees of £3.52M.
- 4.2 As this is still subject to final confirmation from the consultants, and subject to tender, it is recommended that a contingency of £220,000 be included in the approved budget. This is equivalent to a further 1% of the forecast build costs. This makes the total recommended budget £3.74M.
- 4.3 This would be divided as follows:
- 35% - RIBA Stages 0-3 (feasibility studies, concept design, planning)
  - 35% - RIBA Stage 4 (technical design)
  - 30% - RIBA Stages 5-6 (construction to handover)
- 4.4 RIBA Stage 3 will be complete by Summer/Autumn 2024. RIBA Stage 4 will take place alongside the procurement of a construction contractor. RIBA stages 5-6 will be concluded by March 2026 as part of the construction stage. The fees for architectural and technical services will be spent in stages up to 2026 in accordance with a fee schedule agreed with the successful bidder.
- 4.5 Given the value of the works proposed in this report, it will be necessary for Council to approve the budget.

#### **5 Procurement Process**

- 5.1 The thresholds for public sector procurement for supplies and services as of 1 January 2022 is £213,477. The estimated value of this contract is as set out above and will need to be procured in compliance with the UK Public Contract Regulations 2015 (PCRs). This is likely to be under the competitive procedure with negotiation process.

- 5.2 In this process, the tender will need to be advertised on the *Find a Tender* portal. This includes the requirement to publish the budget for the work being tendered. TVBC, as the contracting authority, would consider applications from interested parties via a Pre-Qualification Questionnaire (PQQ) stage. A minimum of three qualified applicants would then be invited to negotiate the contract.

## **6 Risk Management**

- 6.1 This approval would authorise the spend of up to £3.74M. Although the LUF funding award announcement was made in November 2023, the Council is still in process of validation and confirmation. It is unknown when DLUHC will formally award the money and whether payments will be phased or not.
- 6.2 There is also an opposing risk that if the work is not completed by the 31 March 2026 the Government will not release the whole amount, placing a financial pressure on the Council. It is therefore imperative that the appointment is made without delay. Until such time as the LUF allocation is confirmed, all efforts will be made to minimise the Council's financial exposure through this process.
- 6.3 It is considered that the risk of proceeding now, before the funding arrangements are confirmed, is a lesser risk than delaying the start of works and adding further time pressure to an already tight project timetable.

## **7 Resource Implications**

- 7.1 It is expected that the full costs of the works identified in this report will be rechargeable to the LUF funding. However, as the verification process is still ongoing, the Council must identify other forms of funding to ensure that the costs can be met in an affordable manner. The funding is recommended to be met as follows:
- 7.2 The works proposed will form part of a larger capital project that will be the subject of a further Council report, once more detailed costs are known. The LUF funding, when received, will be capital in nature. Therefore, it is recommended that the full cost of the works described in the report be added to the Council's Capital Programme, funded from the Capital Receipts Reserve (CRR).
- 7.3 The Capital Programme update report to Cabinet on 15<sup>th</sup> November 2023 showed that the forecast balance on the CRR as at 31<sup>st</sup> March 2026 would be £7.236M. This reserve can therefore meet the full cost of the recommended works.
- 7.4 The Corporate Financial Monitoring report to the same Cabinet meeting identified an in-year variance to 30<sup>th</sup> September 2023 of £1.503M. Some £742,000 of this was in respect of additional income from the Council's cash investment portfolio. It is forecast that this variance will continue to increase over the rest of the financial year.

7.5 It is recommended that the investment income budget for the year be increased by £1M and that amount be transferred to the CRR, to reduce the impact of the net draw on that reserve arising from the recommendations in this report.

7.6 The work of the Architectural and technical design consortium will be managed by the Regeneration Team

## **8 Options**

8.1 The options presented in this report are:

- Approve recommended spend.
- Do not approve recommended spend.

## **9 Options Appraisal**

9.1 Approving the recommended spend will give the council the best chance of meeting the timetable required by DLUHC and delivering the theatre/cultural hub.

9.2 If recommended spend is not approved this would result in a delay to the project and failure to meet the LUF spending deadline. This in turn would be likely to result in the withdrawal of some or all the funding award. Any loss of funding would result in the Council being required to provide a much higher amount of funding for the delivery of the theatre and cultural hub, which in turn would inevitably limit its ability to finance future phases of the regeneration programmes in both Andover and Romsey.

## **10 Conclusion and reasons for recommendation**

10.1 The deadline for the spend of the LUF award is 31 March 2026. This will be challenging. It will be vital for the Council to act decisively in progressing the project to avoid missing this deadline.

10.2 The value of the contract (up to £3.74M) has been calculated based on the RIBA fee calculator. This will necessitate a two-stage competitive procurement process which will be lengthy.

10.3 It is recommended that the budget is approved to enable officers to issue the tender documents, in line with procurement regulations, without delay.

## 1 Introduction

- 1.1 Fees and charges are reported annually to Councillors as part of the budget process. This report provides information on proposed fees and charges for 2024/25.

- 1.3 Proposed increases to existing charges and charges for new services are attached in the annexes to this report for approval.
- 1.4 The main inflation index is the Consumer Prices' Index. This is currently (October 2023) running at 4.6%. This is the lowest it has been since October 2021. In preparing the fees and charges, services have been advised to take into account increases in staffing and other costs with an inflationary guide of 5% - 6%.
- 1.5 At its meeting in July 2023, the Budget Panel indicated that as far as possible, increases in charges within the control of the Council should be minimised unless increases in associated costs justified it.

## 2 Background

- 2.1 Heads of Service were asked to provide details of the fees and charges they wish to levy in 2024/25 for the services they provide.

- 2.2 The attached Annexes show, in Budget Book format, the level of charges in 2023/24, the proposed charges for 2024/25 and the percentage change between the two.

### **3 Consultations/Communications**

- 3.1 Heads of Service and managers have been asked to provide details of the charges they wish to make in 2024/25.

### **4 Fees and Charges – changes by Service**

- 4.1 The following paragraphs give explanations of any charges that are recommended to be increased by more than inflation or where the basis for charging for an item has changed.

#### **4.2 Community and Leisure (Annex 1)**

For sporting activities, there was an HMRC decision earlier this year that VAT was no longer chargeable on sports pitches and facilities. This reduction (16.67%) has been passed on to users during 2023/24 and the comparative rates shown in Annex 1 reflect this saving, where applicable. The recommendation for 2024/25 is to increase charges by approximately 6%. This will still leave the Council's charges lower than neighbouring venues.

In addition:

- Charge the same rate for weekdays and weekends as the cost of providing the facilities does not differ.
- All under 18 charges to state 'charged at 50% of the full fee'.
- Charges for floodlights at each site are recommended to be increased by above inflationary amounts to reflect utility costs.
- At Charlton Sports Centre, a new charge for the BMX floodlights is to be introduced at £20 per hour, with a reduction of £7 per hour for Andover BMX Club who contributed towards the capital cost of the floodlights.
- At Ganger Farm, charges for 9v9 Hockey and Mini football are to be deleted as these are not used, and kitchen and bar hire will not be available when the community café opens later this year.

At the Lights, the majority of charges are to be frozen. The exception is:

- An increase of £10 for the use of the grand piano due to the increase in costs of a piano tuner.
- A new Performing Rights Society (PRS) fee is recommended to be introduced to recoup the cost of PRS charges levied on the Lights.

In Cemeteries, the charge for the Transfer of Exclusive Right of Burial to a new owner is to be increased by 15.38% (£6) to cover the cost in the increased amount of work involved in the arrangement of a transfer.

#### 4.3 **Corporate (Annex 2)**

The charges shown in the Corporate section remain unchanged from 2023/24.

#### 4.4 **Environmental Service (Annex 3)**

The majority of charges are to be increased by approximately 5% - 7% to reflect the increased cost of staff and fuel.

Bulky waste charges are to be increased by 8.2% - 8.82% due to the low volume and level of resource required.

Charges for shopping trolley returns and MoT Tests remain frozen.

#### 4.5 **Finance and Revenues Service (Annex 4)**

Summons costs have increased by 4.35% whilst Liability Order costs have reduced by 8.7%. This reflects an updated forecast of the estimated costs to the Council of taking recovery action against unpaid Council Tax, business rates and BID levy.

#### 4.6 **Housing and Environmental Health Service (Annex 5)**

The majority of licence charges have been increased by 5% - 6% to reflect the increase in staff costs. Street Trading Consents and Caravan Site Licences have been frozen.

A new Eco Flex Declaration charge of £50 has been introduced. This is an energy efficiency scheme where customers can qualify for energy efficiency measures through their energy supplier, and the supplier/installer has to apply to the Council for a declaration that the customer meets the relevant criteria. The fee would be payable by the installer, not the customer.

Domestic pest control charges have been reviewed and charges for flea treatments are recommended to increase by 6% to reflect increases in staffing costs. Higher increases are recommended for wasps / native hornets, rats and mice, and bed bugs whilst still leaving the Council's charges at the lower end of the market:

- Wasp treatment failure rates are set to increase substantially due to the withdrawal of the most effective insecticides, which is likely to result in a second visit to ensure complete destruction of the nest. It is therefore recommended that the cost increases by 19.38% to £69 with additional nests increasing by 76.76% to £32.70 in order to ensure that costs are fully recovered.
- Treatments for rats and mice are on average taking longer and this is set to increase as further effective rodenticides are restricted or withdrawn and replaced by ones that require more visits to successfully treat. The recommendation is to increase the maximum number of visits to 4 (currently 3) and increase charges by 20% to £98.20 to reflect the additional resources required.

- Treatments for bed bugs are extremely resource intensive, and whilst cases are currently low, the current epidemic in France may lead to an increase in cases here. The recommendation is to increase charges by 15% with a 75% discount (currently 50%) to households who are exempt from Council Tax or in receipt of Council Tax Support.

Commercial pest control charges are recommended to increase by 6% - 75% in order to ensure that costs are covered.

#### **4.7 Legal and Democratic Service (Annex 6)**

The majority of fees in this service are statutorily set and remain the same as for 2023/24.

Some land charges fees have been increased primarily to allow for an increase in fees paid to Hampshire County Council. The LLC1 fee has been reduced to £15 ready for the transition of this element to the Land Registry sometime in 2024/25.

Scrap metal dealer licenses are proposed to increase by 7.41% to 13.64% in order to ensure that costs are fully recovered.

The Driver ID validation service has been renamed as Overseas criminal records check, with the price available on application due to the range of prices depending on each individual application.

#### **4.8 Planning and Building Service (Annex 7)**

Planning pre-application enquiry fees have been frozen at 2023/24 levels.

Planning application fees are statutorily set and have increased by 35% for major applications and 25% for all other applications from 6<sup>th</sup> December 2023.

Building control fees are increased by 2% - 3%. A new set of miscellaneous charges is to be introduced to recover costs that are not currently charged within building control, such as research, retrieval and copy/examination charges, and cancellation or withdrawal of application.

#### **4.9 Property and Asset Management Service (Annex 8)**

Car parking charges remain frozen and continue to be charged at levels last increased in 2020/21.

Room booking / hall hire charges have been reviewed as the current structure is very complicated with 3 different hire fees (private, commercial and concessionary) and within these 5 different rates to select from (daily, morning, afternoon, evening and hourly). A much simpler approach is recommended:

- Combine the commercial option with the private option
- Rename concessionary community (for community groups / registered charities)

- Remove the separate charge for Audio and Visual Equipment
- Introduce a one-off hourly rate for weekdays or weekends.

To ensure the least impact on community groups, charges have been rounded up to the nearest pound. For example, an increase of 50p at Crosfield Hall (3.4%).

## 5 Risk Management

- 5.1 An evaluation of the risks associated with the matters in this report indicates that further risk assessment is not needed because the changes / issues covered do not represent significant risks.

## 6 Resource Implications

- 6.1 The impact of the proposals will be considered when preparing Service estimates for 2024/25.

## 7 Equality Issues

- 7.1 An EQIA screening has been completed in accordance with the Council's EQIA methodology and no potential for unlawful discrimination has been identified, therefore a full EQIA has not been carried out.

## 8 Conclusion and reasons for recommendation

- 8.1 Heads of Service have considered the services currently available to the public and the Fees and Charges applicable to them.
- 8.2 Based on recommendations from Heads of Service, this report seeks approval of the rates of fees and charges for 2024/25.

## ITEM 10

## Great Crested Newt Licensing

Report of the Planning Portfolio Holder

### Recommended:

1. That the Council becomes part of the District Licensing System for Great Crested Newts subject to the Head of Planning and Building being satisfied with the detailed terms and conditions of implementation and thereafter operation of the system.
2. That NatureSpace be authorised to apply to Natural England on the Council's behalf for a license under the District Licensing System.

### SUMMARY:

- The reports sets out changes to the way Great Crested Newt (GCN) Licensing processes can operate across the borough in relation to proposed new development by the Council joining the District Licensing (DL) System. This provides the opportunity for developers to use the DL system rather than having to obtain a licence from Natural England as is currently the case.
- The Council has statutory obligations and duties regarding protected species, including GCN, and joining the DL regime would provide an additional more straightforward option for applicants / developers and the Council to meet their obligations. However, the DL option is not available in the areas of highest risk to GCN, where the traditional route will need to be used.
- The risk to the Council of securing its own licence under DL system is considered to be minimal and developers will still have the option of using the national licensing system delivered by Natural England.
- There are likely to be benefits for the Council, developers and nature conservation as the DL regime not only aims to enable development but should provide conditions which should better conserve GCN.
- In Hampshire, NatureSpace is the conservation-based delivery partner organisation that co-ordinates the administration and delivery of the scheme with their delivery partner, the Newt Conservation Partnership.

### 1 Introduction

- 1.1 This report presents an option which would introduce an additional route for Great Crested Newt (GCN) licensing in relation to new development proposals across the borough. This would be achieved through the introduction of a District Licensing (DL) system in Test Valley.
- 1.2 The Council needs to "opt in" if it wants this option to be available to developers. The report outlines how the regime would work and the implications for the Council. It is recommended that the Council joins the DL scheme.

- 1.3 At present, developers that need a GCN licence in relation to their development proposals can only apply to Natural England (NE). This DL system enables a local approach to be followed for most forms of developments across the borough.

## **2 Background**

- 2.1 At present, where a proposed development is likely to impact GCN, developers need a licence that they can only obtain from Natural England in order to proceed with building works post planning permission. Licensing for great crested newts can be slow, complex and expensive for developers involving on-site seasonal survey work.
- 2.2 DL offers an alternative approach whereby developers make a conservation payment in two phases based on the predicted impact of their development, which covers off-site habitat provision in relation to GCN. This can happen before or after planning permission has been given and ensures upfront high-quality pond provision in areas which represent the best places for newts to thrive, delivering a strengthened network of new pond habitats used for breeding and associated terrestrial habitat. The evidence base is built into a conservation strategy meaning the approach is better and more joined up complementing government targets for biodiversity conservation.

## **3 Corporate Objectives and Priorities**

- 3.1 The DL regime offers a simpler and potentially more cost-effective option for developers to satisfy their obligations regarding new development and GCN whilst meeting the legal requirements of the Habitat Regulations. This could help to speed up delivery of development whilst also ensuring that impact of schemes is properly mitigated as set out above at 2.2. This would align with the Corporate Plan and in particular the Environment Priority (a greener borough for our communities) in relation to the natural environment and biodiversity.

## **4 Consultations/Communications**

- 4.1 No external consultation has been undertaken in respect of the council joining the DL scheme for GCN as it was not considered necessary or appropriate in this case.
- 4.2 However, Hampshire County Council and other local authorities across the county have been working together for some time to consider the best way forward for GCN DL. In light of this work, local planning authorities in Hampshire have been invited to sign the licence application that NatureSpace<sup>1</sup>, the preferred delivery partner for the DL approach in the county, submit to Natural England on behalf of the councils. A number of authorities have already joined the DL scheme following this approach.

<sup>1</sup> <https://naturespaceuk.com/about-us/what-we-do/>. The NatureSpace DL scheme is operating in over 60 LPAs across England, including in Hampshire, West Sussex, Berkshire and Oxfordshire.

## **5 Options and Option Appraisal**

### **5.1 Option 1**

- 5.2 The Council becomes part of the DL system by securing a GCN licence from Natural England applied for by NatureSpace on its behalf.
- 5.3 With this new system, authorities will need to check on a case-by-case basis that site details and boundaries referenced in the certificate/report from NatureSpace (submitted by the developer as part of their planning application) are the same as the planning application site. If that is the case, the certificate/report can then be relied upon as confirmation that the impacts of the development on GCN are capable of being fully addressed in a manner which complies with the requirements of the Habitats Regulations.
- 5.4 DL is well established on a national scale following a concerted effort from Natural England to ensure that this measure is widely adopted. Local authority ecologists have been involved in reviewing and instigating a local roll out of DL for GCN for over 4 years. It was agreed at the Hampshire and Isle of Wight Planning Officers Group meeting in July 2021 that the Hampshire authorities would use NatureSpace as a partner to manage the stages of data gathering, application to Natural England for a licence on behalf of the local authorities and implementation of this mitigation scheme.
- 5.5 As explained above at sections 2 and 3 this new option for developers to meet obligations under the Habitat Regulations would have a range of potential benefits including simplifying the process, with little extra resource required for the council, when dealing with planning applications where GCN are impacted whilst also ensuring mitigation is secured up-front with potential greater biodiversity benefits.
- 5.6 This option is recommended.

### **5.7 Option 2**

- 5.8 The Council does not join the DL regime.
- 5.9 Developers would therefore have to meet their obligations in relation to their development proposals through the national licensing system, as they do now, but this would mean that benefits explained above would not be realised.

## **6 Risk Management**

- 6.1 Overall, the risk is assessed as small in relation to the council joining the DL regime. There is likely little impact on Development Management performance and, by simplifying the licensing process, it may even assist in more efficient decision making by dispensing with the need, for example, for on-site GCN surveys. There may be some short-term effect, whilst officers adjust to new process, but this can be addressed by training.

- 6.2 In process terms, the Council would include conditions and informatives detailed in the NatureSpace certificate/report submitted with each application on the planning decision notice (if planning consent is granted). The Council would then issue written authorisation to each developer to confirm, at the appropriate time, that the developer is covered to work under the LPA's District Licence. This is a relatively straight-forward arrangement and, of itself, should present little additional risk.

## **7 Resource Implications**

- 7.1 There may be a minor resource involved for the signing of the documentation with NatureSpace to enable the DL to be introduced in Test Valley and some impacts whilst Development Management adjusts to the new process thereafter. However, these are not considered to be significant beyond the short term and in any event can be met from existing budgets.

## **8 Legal Implications**

- 8.1 The Council would become a licensing body for administering the district licensing for GCN mitigation across Test Valley (option 1 above – recommended).

## **9 Equality Issues**

- 9.1 None identified.

## **10 Other Issues**

- 10.1 Sustainability and Addressing a Changing Climate – ability to potentially support protected species better.
- 10.2 All Wards/Communities Affected but introducing a DL scheme itself should not have a significant effect other than in relation to individual development proposals.

## **11 Conclusion**

- 11.1 Participating in the DL regime will provide an additional way for developers and the Council to meet the requirements of the Habitat Regulations in a more straight forward way with potential improved up-front mitigation for GCN impacted by development proposals. Developers will still have the option of using the current system by applying for a licence from Natural England. Option 1 is therefore recommended.
