96 **Budget Panel Update**

Councillor Neal, Lead Member for the Budget Panel gave an overview of the Budget Panel's meeting held on 3 July 2023.

The Panel reviewed three areas;

- revenue outturn position for 2022/23, including an analysis of the main reasons for budget variances in the year.
- summary of the Council's draft reserves position as at 31 March 2023 and the forecast for future use of those reserves
- set the scene for the budget setting process for 2024/25 and development of the updated Medium Term Financial Strategy, together with the most significant factors that will affect the budget setting

Councillor Parker updated the Committee on the amount the Council has in reserves. The Panel was concerned about the budget gap in 2025/26 if the Government resets the Business Rates and would like to hear more about the plans that are in place to address this

The next Budget Panel will be held on 2 October 2023 where the fees and charges will be discussed.

97 **Test Valley Partnership**

Consideration was given to a report of the Head of Strategy and Innovation which provided a summary of key areas of work for the Partnership as well as their progress and continued focus. The Partnership continues to be an important mechanism in which to bring organisations together to focus on what is most important to communities across the Borough.

The Test Valley Partnership brings together decision makers across the borough to work together for the benefit of our communities. The Partnership strives to have a good understanding of the place and its communities, being able to respond to needs in a co-ordinated and organised way by sharing skills, resources and information. Specifically focussing on addressing areas affecting the quality of life for residents in Test Valley

The Partnership was first established in 2002. This was in line with government guidance following the Local Government Act 2000, which placed a duty on local authorities to prepare a community strategy with a strategic partnership being a recommended vehicle in which to do this. This duty was later repealed in 2015 as part of the Deregulation Act.

The Head of Strategy and Innovation presented some examples on how partners of the Test Valley Partnership are working together practically to take forward key strategic issues. The key areas of work of the Partnership are;

- Better Mental Health
- Community Resilience
- Cost of Living
- Civilian Military Forum
- Community Safety

Whilst there is no requirement for partners to engage (apart from those who are required to do so regarding specific community safety matters), the real value is on how the strength of the network builds trust which then enables a collective focus and use of resources to follow. Over recent years, as set out in the report, the Partnership has been able to focus on some of the most challenging issues faced by communities and as a result has been able to make a positive impact and deliver tangible benefits.

Members raised questions and discussed;

- The Council plays a leadership role within the Partnership and will engage with relevant partners where necessary.
- Better communication on the outcomes of the Test Valley Partnership through the Councillors' Information Bulletin.
- The membership of the Partnership is reviewed on a regular basis.
- Decision makers from each organisation are encouraged to attend if not then representatives would need to take the message back.
- Resources for the Partnership.
- Limited information about the Partnership on the website.
- The Test Valley Partnership Newsletter should be sent to all members.
- Action plan, targets and dates.
- Value and benefits of the Partnership.
- The importance of networking.
- Priorities.
- Lessons learnt.

Resolved:

That the Overview and Scrutiny Committee notes and endorses the work of the Test Valley Partnership.

98 Programme of Work for the Overview and Scrutiny Committee

Members discussed the Work Programme and the Head of Strategy and Innovation outlined the format of the forthcoming Away Day.

Resolved:

That the work programme be reviewed and approved.

Questions

ITEM 10

Programme of Work for the Overview and Scrutiny Committee

Report of the Chairman

Recommended:

The Committee is requested to:

- 1. Review the outcomes on the work programme and recommendations update.**
- 2. Approve the future work programme.**

SUMMARY:

- The purpose of this report is to enable members to keep the Committee's future work programme and recommendations update under review.

1. Introduction

- 1.1 The Overview and Scrutiny Committee approves a work programme every year, detailing selected issues that affect Test Valley or its residents. The work programme represents the work of scrutiny throughout the municipal year and is managed by the Overview and Scrutiny Committee. The work programme is a rolling plan of in-depth reviews alongside standing items such as finance and performance.

2 Corporate Objectives and Priorities

- 2.1 Effective processes are used when selecting and prioritising review topics to ensure meaningful outcomes and tangible improvements. This involves including topics that are of community concern, contribute to the Council's Corporate Priorities, add value to the Council's overall performance, and have defined objectives and clear outcomes.

3 Conclusion and reasons for recommendation

- 3.1 Task and Finish Groups (panels) are small groups of members set up to examine specific issues in detail and report back to the Committee. The Overview and Scrutiny Committee Task and Finish Panels update will be presented as an annex for the Committee's review and comments.

- 3.2 Effective processes are used when selecting and prioritising review topics to ensure meaningful outcomes and tangible improvements. This involves including topics that are of community concern, contribute to the Council's Corporate Priorities, add value to the Council's overall performance, and have defined objectives and clear outcomes. The Overview and Scrutiny Committee Work Programme is presented at Annex 1 for review and approval.
- 3.3 The Overview and Scrutiny Committee is responsible for examining decisions made by the cabinet as a whole, and individual Portfolio Holders, as well as key decisions delegated to Senior Officers. With each agenda, the Committee receives copies of the Cabinet Work Programme. The Committee can then decide or use pre-scrutiny for forthcoming decisions on the Cabinet Work Programme. The Cabinet Work Programme is attached at Annex 2 for the Committee to consider.
- 3.4 For Overview and Scrutiny to have an impact, it is important that recommendations to Cabinet and Council are followed up. At each meeting the Committee considers follow up action on recommendations to Cabinet and Council as part of the review of the Work Programme. Also as part of the Work Programme the Committee considers actions arising from the previous meeting. Action tracking is attached at Annex 3.

4 **Away Day**

- 4.1 The Overview and Scrutiny Committee's Annual Away Day was held on Saturday 22 July at King's Somborne Village Hall.
- 4.2 The Committee reflected on the new priorities of the Council as set out in the new Corporate Plan and developed potential topics that could be included onto the Overview and Scrutiny work programme. A summary of the topics has been shared with councillors ahead of a roundtable in late September. The roundtable will consider options for how the Committee can best take forward the topics it has identified. Formal adoption of the new topics onto the work programme will be considered at the meeting of Overview and Scrutiny Committee in October.
