	are to be allocated.		<i>this growth in considering site allocations at the next stage of the Local Plan 2040. There is <del>with</del> only one Local Plan allocation outstanding (has no planning permission) at Whitenap, Romsey (1,300 homes). We will <u>also</u> consider how we take forward this outstanding <del>allocating</del> allocation at the next stage <del>of the Local Plan 2040.</del></i>
Para 3.10 Pg 35	Last sentence:  Development will need to maximise the use of land in the town centres. However, there will still remain a need to look at greenfield sites near these settlements albeit on a lesser scale than presently allocated sites.	This is minor in nature, Tweaked wording to fit with style of Local Plan. Cannot include reference to lesser scale allocations as it is premature to say this ahead of the assessment work.	Amend last sentence in para 3.10 as follows:  Development will need to maximise the use of land in the town centres however there will still remain a need to look at greenfield sites at these settlements., <del>however</del> <u>the scale of these will be considered through our site assessment work. This will inform the draft site allocations which will be set out at the next stage of the Local Plan 2040, Regulation 18 Stage 2. as we prepare the Local Plan 2040 Regulation 18 Stage 2.</u>
Para 3.11 Pg 35	Typo 'allocating' should read 'allocation'.	Typo	See amendment above.
