

TEST VALLEY BOROUGH COUNCIL

HEAD OF SERVICE'S DECISION

Committee: The Executive
Chairman: Councillor Ian Carr
Head of Service: Head of Estates and Economic Development

SUBJECT

The take back of redundant wheelie bins under the new collection arrangements is due to start on 27th February 2006. Council officers have been searching for a suitable affordable site to store these bins for several weeks without success. There is a possibility that the bins may be needed in the future and rather than send them for recycling which is expensive in itself it would be better to keep them in case they are needed. At the last minute a site has become available at Sandy Lane north of Romsey which can be let on licence or lease to the Council for the required period of two years at a rent of £16530 per annum plus business rates

REASON FOR URGENCY

(After consultation with the Chief Executive)

Unless the site can be occupied from 27th February the opportunity to store the first take back of bins will be lost.

DECISION

(After consultation with the Chairman (or in his absence the Vice-Chairman), who has not requested that the matter be referred to a special meeting of the Committee).

That the Council enters into a lease or licence agreement for open storage land at Sandy Lane, Romsey on terms to be agreed by the officers.
