

Notice of Motion – Rule 12

Councillor Drew will move that:

This Council strongly opposes Southern Water pumping wastewater into the River Test or its tributaries. The Council is therefore calling on Southern Water to fix the problem by improving its infrastructure more widely and at greater speed, and work with OFWAT and the Environment Agency to enable the required investment funding to be released. In addition, we are calling on all parties to inform and closely engage with affected communities and relevant agencies. Water quality must be monitored and transparency must be maintained by publishing all testing data promptly.

Councillor Hasselmann will second the motion
