

TEST VALLEY BOROUGH COUNCIL

PLANNING CONTROL COMMITTEE

INFORMATION NOTES

Availability of Background Papers

Background papers may be inspected up to five working days before the date of the Committee meeting and for four years thereafter. Requests to inspect the background papers, most of which will be on the application file, should be made to the case officer named in the report or to the Development Manager. Although there is no legal provision for inspection of the application file before the report is placed on the agenda for the meeting, an earlier inspection may be agreed on application to the Head of Planning and Building.

Reasons for Committee Considerations

Applications are referred to the Planning Control Committee from the Northern or Southern Area Planning Committees where the Head of Planning and Building has advised that there is a possible conflict with policy, public interest or possible claim for costs against the Council.

The Planning Control Committee has the authority to determine those applications within policy or very exceptionally outwith policy and to recommend to the Cabinet and to the Overview and Scrutiny Committee revisions to policy resulting from its determination of applications.

Approximately 15% of all applications are determined by Committee. The others are determined by the Head of Planning and Building in accordance with the Council's Scheme of Delegation which is set out in the Council's Constitution.

Public Speaking at the Meeting

The Council has a public participation scheme, which invites members of the public, Parish Council representatives and applicants to address the Committee on applications. Full details of the scheme are available from Planning and Building Services or from the Committee Administrator at the Council Offices, Beech Hurst, Weyhill Road, Andover. Copies are usually sent to all those who have made representations. Anyone wishing to speak must book with the Committee Administrator within the stipulated time period otherwise they will not be allowed to address the Committee.

Speakers are limited to a total of three minutes per item for Councillors with prejudicial interests, three minutes for the Parish Council, three minutes for all objectors, three minutes for all supporters and three minutes for the applicant/agent. Where there are multiple supporters or multiple objectors wishing to speak the Chairman may limit individual speakers to less than three minutes with a view to accommodating multiple speakers within the three minute time limit. Speakers may be asked questions by the Members of the Committee, but are not permitted to ask questions of others or to join in the debate. Speakers are not permitted to circulate or display plans, photographs, illustrations or textual material during the Committee meeting as any such material should be sent to the Members *and* officers in advance of the meeting to allow them time to consider the content.

Content of Officer's Report

It should be noted that the Officer's report will endeavour to include a summary of the relevant site characteristics, site history, policy issues, consultations carried out with both internal and external consultees and the public and then seek to make a professional judgement as to whether permission should be granted. However, the officer's report will usually summarise many of the issues, particularly consultations received from consultees and the public, and anyone wishing to see the full response must ask to consult the application file.

Status of Officer's Recommendations and Committee's Decisions

The recommendations contained in this report are made by the officers at the time the report was prepared. A different recommendation may be made at the meeting should circumstances change and the officer's recommendations may not be accepted by the Committee.

In order to facilitate debate in relation to an application, the Chairman will move the officer's recommendations in the report, which will be seconded by the Vice Chairman. Motions are debated by the Committee in accordance with the Council's Rules of Procedure. A binding decision is made only when the Committee has formally considered and voted in favour of a motion in relation to the application and, pursuant to that resolution, the decision notice has subsequently been issued by the Council.

Conditions and Reasons for Refusal

Suggested reasons for refusal and any conditions are set out in full in the officer's recommendation.

Officers or the Committee may add further reasons for refusal or conditions during the Committee meeting and Members may choose to refuse an application recommended for permission by the Officers or to permit an application recommended for refusal. In all cases, clear reasons will be given, by whoever is promoting the new condition or reason for refusal, to explain why the change is being made.

Decisions Subject to Completion of a Planning Obligation

For some applications, a resolution is passed to grant planning permission subject to the completion of an appropriate planning obligation (often referred to as a Section 106 agreement). The obligation can restrict development or the use of the land, require operations or activities to be carried out, require the land to be used in a specified way or require payments to be made to the authority.

New developments will usually be required to contribute towards the infrastructure required to serve a site and to cater for additional demand created by any new development and its future occupants. Typically, such requirements include contributions to community facilities, village halls, parks and play areas, playing fields and improvements to roads, footpaths, cycleways and public transport.

Upon completion of the obligation, the Head of Planning and Building is delegated to grant permission subject to the listed conditions. However, it should be noted that the obligation usually has to be completed sufficiently in advance of the planning application determination date to allow the application to be issued. If this does not happen, the application may be refused for not resolving the issues required within the timescale set to deal with the application.

Deferred Applications

Applications may not be decided at the meeting for a number of reasons as follows:

- * The applicant may choose to withdraw the application. No further action would be taken on that proposal and the file is closed.
- * Officers may recommend deferral because the information requested or amended plans have not been provided or there has been insufficient time for consultation on amendments.
- * The Committee may resolve to seek additional information or amendments.
- * The Committee may resolve to visit the site to assess the effect of the proposal on matters that are not clear from the plans or from the report. These site visits are not public meetings.

Visual Display of Plans and Photographs

Plans are included in the officers' reports in order to identify the site and its surroundings. The location plan will normally be the most up-to-date available from Ordnance Survey and to scale. The other plans are not a complete copy of the application plans and may not be to scale, particularly when they have been reduced from large size paper plans. If further information is needed or these plans are unclear please refer to the submitted application in the reception areas in Beech Hurst, Andover or the Former Magistrates Court office, Romsey. Plans displayed at the meeting to assist the Members may include material additional to the written reports.

Photographs are used to illustrate particular points on most of the items and the officers usually take these. Photographs submitted in advance by applicants or objectors may be used at the discretion of the officers.

Human Rights

"The European Convention on Human Rights" ("ECHR") was brought into English Law, via the Human Rights Act 1998 ("HRA"), as from October 2000.

The HRA introduces an obligation on the Council to act consistently with the ECHR.

There are 2 Convention Rights likely to be most relevant to Planning Decisions:

- * Article 1 of the 1st Protocol - The Right to the Enjoyment of Property.
- * Article 8 - Right for Respect for Home, Privacy and Family Life.

It is important to note that these types of right are not unlimited - although in accordance with the EU concept of "proportionality", any interference with these rights must be sanctioned by Law (e.g. by the Town & Country Planning Acts) and must go no further than necessary.

Essentially, private interests must be weighed against the wider public interest and against competing private interests. Such a balancing exercise is already implicit in the decision-making processes of the Committee. However, members must specifically bear Human Rights issues in mind when reaching decisions on all planning applications and enforcement action.

Natural Environment and Rural Communities Act 2006 (NERC)

The Council has a duty under the Natural Environment and Rural Communities Act 2006 as follows: *"every public authority must, in exercising its functions, have regard, so far as is consistent with the proper exercise of those functions, to the purpose of conserving biodiversity"*.

It is considered that this duty has been properly addressed within the process leading up to the formulation of the policies in the Revised Local Plan. Further regard is had in relation to specific planning applications through completion of the biodiversity checklists for validation, scoping and/or submission of Environmental Statements and any statutory consultations with relevant conservation bodies on biodiversity aspects of the proposals.

Provided any recommendations arising from these processes are conditioned as part of any grant of planning permission (or included in reasons for refusal of any planning application) then the duty to ensure that biodiversity interest has been conserved, as far as practically possible, will be considered to have been met.

Other Legislation

Section 38(6) of the Planning and Compulsory Purchase Act 2004 requires that determination of applications be made in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan for the Borough comprises the Test Valley Borough Revised Local Plan (2016). Material considerations are defined by Case Law and includes, amongst other things, draft Development Plan Documents (DPD), Supplementary Planning Documents (SPD) and other relevant guidance including Development Briefs, Government advice, amenity considerations, crime and community safety, traffic generation and safety.

On the 24 July 2018 the Government published a revised National Planning Policy Framework (NPPF). The revised NPPF replaced and superseded the previous NPPF published in 2012. The revised NPPF is a material consideration in planning decisions.

So that sustainable development is pursued in a positive way, at the heart of the revised NPPF is a presumption in favour of sustainable development. Decisions should apply a presumption in favour of sustainable development. This does not change the statutory status of the development plan as a starting point for decision making. Planning law requires that applications for planning permission must be determined in accordance with the development plan unless material considerations indicate otherwise. Where a planning application conflicts with an up to date development plan, permission should not usually be granted. Local planning authorities may take decisions which depart from an up to date development plan, but only if material considerations in a particular case indicate that the plan should not be followed.

For decision-taking, applying the presumption in favour of sustainable development means:

- Approving development proposals that accord with an up to date development plan without delay; or
- Where there are no relevant development plan policies, or the policies which are most important for determining the application are out of date, granting permission unless:
 - The application of policies in the revised NPPF that protect areas or assets of particular importance provides a clear reason for refusing the development proposed; or

- Any adverse impact of doing so would significantly and demonstrably outweigh the benefits, when assessed against the policies in the revised NPPF when taken as a whole.

Existing Local Plan policies should not be considered out of date because they were adopted prior to the publication of the revised NPPF. Due weight should be given to them, according to their degree of consistency with the revised NPPF (the closer the policies in the Local Plan to the policies in the revised NPPF, the greater the weight that may be given).
